ORNAMENTAL IRON

Save up to $\frac{1}{3}$ the *Logan* way

Catalog
No. 80-A

Now, every home owner can possess this hauntingly beautiful...

Colonel Logan ORNAMENTAL IRON

Meet the Colonel! . . . If you have not already met him, this introduces Colonel Logan, symbol of the Logan line of ornamental iron work, fitting hallmark for products crafted in the tradition of the old South. Because of the Colonel's influence, home exteriors are showing a return to the beauty of an era of gracious living.

Whatever your income, you can enjoy the lace-like, rich filigree of ornamental iron, the decorative touch of enduring beauty. Used on both modern and traditional type homes, and easily installed by contractors or do-it-yourself owners. The better you know the Colonel the better you will like him. He stands for artistically designed, quality iron work in standardized designs and sizes at savings up to 1/3 in price compared to made-to-order work, and with fast, efficient service (shipment in about one week).

WHY YOU SAVE UP TO $\frac{1}{3}$ THE COLONEL LOGAN WAY

No "detailed" measurements necessary before installation. Often can be fitted right on the job.

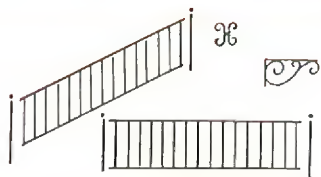

No expensive technical drawings necessary before manufacturing can proceed.

Slow, costly handwork is eliminated in manufacturing.

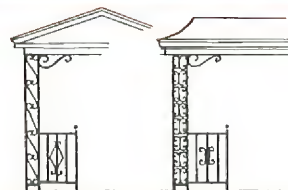

Mass production of standard sizes and designs reduces costs up to $\frac{1}{3}$ but keeps quality high.

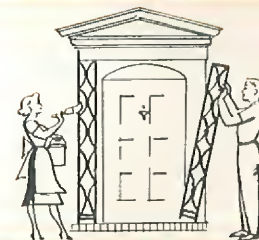

Interchangeable parts and "attachable" ornaments do much to reduce costs.

A variety of attractive standard designs. Also many different arrangements may be made in the field, to vary appearance.

Adaptable to all building types—modern, traditional, ranch, Colonial, English, French. For new homes and for modernizing.

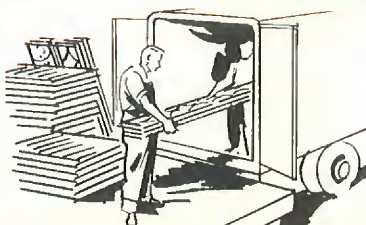

Easily installed by Do-It-Yourself home owners, as well as by regular contractors.

COL. LOGAN WAY

Lower prices to dealer and consumer.

Fast shipment to dealers from stock, usually between 3 and 10 days after order received.

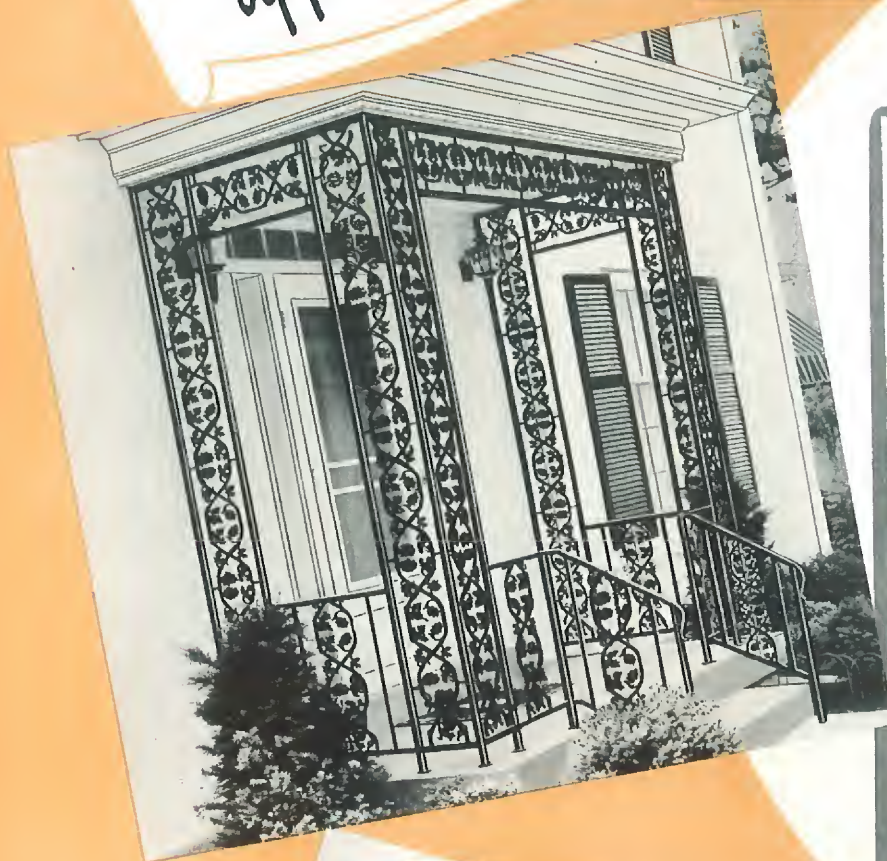

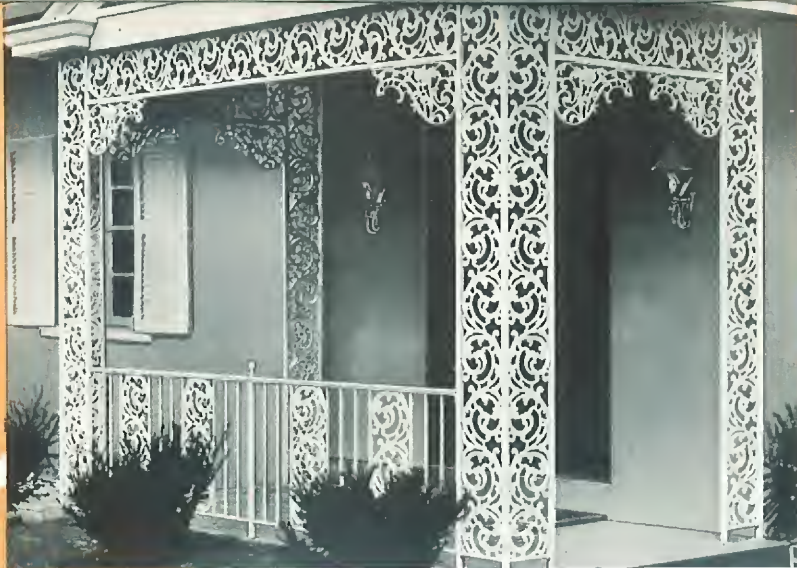

Colonel Logan is nationally advertised to millions of consumers.

The Colonel Logan line has the Good Housekeeping Seal of Approval.

Colonel Logan

PORCH COLUMNS and RAILINGS

*Lend a touch
of Old World Elegance*

A few dollars spent on Colonel Logan Standard-Size Porch Columns and Railings give that expensive look to the simplest home. When added to low or medium priced houses, Porch Columns lend richness and distinction. (Used also on many expensive dwellings). Volume production lowers costs and keeps Logan prices low.

Colonel Logan

COLUMNS FOR AWNINGS, CARPORTS, PORCHES

Beauty and Charm for the home

These "Ready-Made" Porch Columns lend richness and distinction to low and medium-priced homes. A few dollars spent on Colonel Logan columns give that expensive look to the simplest dwelling. Because these columns are made in standard sizes, it is possible to produce them at the factory in large volume at low cost. These savings are passed on to the user in low, *low* prices on quality iron work. Installation directions attached to each shipment. All items finished one shop coat gray.

No. CA FLOOR SOCKET
FOR 5" AWNING
COLUMNS ONLY

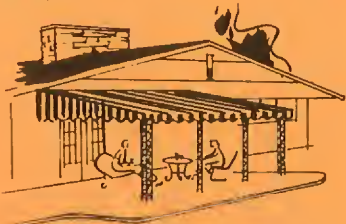

These sockets are priced separately and are ordered separately. Specifications: Ht. 1", Width 1 1/2", Length including hold down flange 2 1/4". Will self-screw to post. Wt. 1/4 lb. Note: Posts may be set into concrete, omitting floor sockets.

TYPICAL ARRANGEMENTS

Numbers shown are Post Nos.

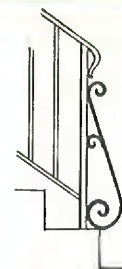

Note that PLAN C covers installation onto and away from landing. See also landing installation photo at bottom left, this page.

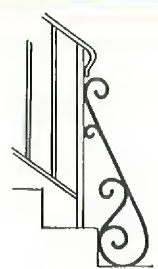

Arrangements above are typical only. Unlimited variations of Colonel Logan rails are possible to suit conditions. Plans A and C above show porch rail and step rail used in combination. Plan B shows porch rail only. Plan D shows step rail only. Any size porch or steps may be served by using additional standard-size panels.

No. 40 Base Plate. For wood surface installation. Can also be used for concrete, brick or stone. Post fits in collar and is secured by bolt. Size: Diam. 4", Ht. 2 1/8", steel. Finish, prime coat gray. Ship. wt. 3/4 lb.

No. 01 Starting Scroll. Made of 3/8"x1" flat. Ht. 2'-3", width 6". Ship. wt. ea., 3 1/2 lbs. Finish, one shop coat gray.

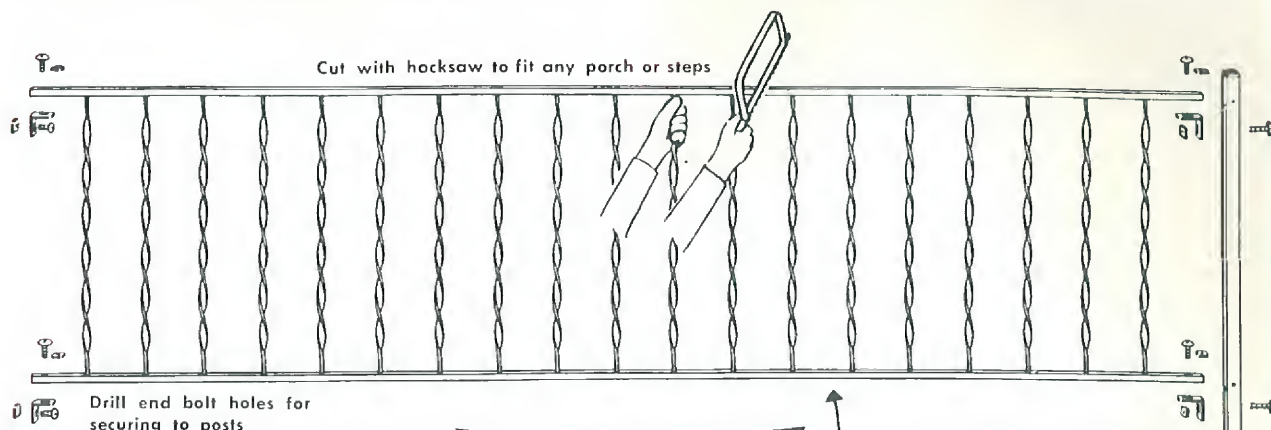

No. 02 Starting Scroll. Made of 3/8"x1" flat. Ht. 2'-9", width 9". Ship. wt. ea., 5 1/2 lbs. Finish, one shop coat gray.

Colonel Logan DUAL-PURPOSE RAILINGS

"DUAL-PURPOSE" is a light weight — yet sturdy railing, for use where an extra-low price is a major consideration.

Dual-Purpose offers even greater savings than the Colonel Logan regular railings. Features: Same railing sections are used for both level and step rail. Only one (1) style post is necessary.

It serves in all positions for porch railings and step railings. Railings in three lengths 10 ft., 6 ft., 4 ft. All-twisted flat pickets. Angle clips are used to secure railing to posts with bolts. End bolt holes are drilled in railings on the job. Angle clips are bent to proper angle for step installations, also top and bottom rails are mitre-sawed to make neat fit for step rails, on the job. Installation instructions attached to each shipment.

For PORCH RAILING

NOTE: This is the same railing . . . used in horizontal position for Porch Rail . . . used in angle position for Step Rail, adjustable to virtually any angle, all twisted pickets. The one post serves for all post purposes, as End Post, Intermediate Post, Corner Post and Combination Posts for both Porch and Step Rails.

Note: Same Railing used both as level Porch Rail and as Step Rail.

Showing simple method of assembling railings and posts with angle clips and bolts.

No. DP-12 Post

Drill end bolt holes for securing to posts

No. DP-12 Post, Ht. 36". Ship. wt. 4 lbs.

. . . or for STEP RAILING

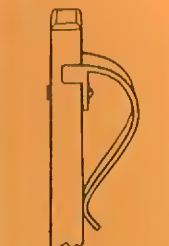

Dual-Purpose is an addition to the Logan line. The regular Colonel Logan line continues.

RAILING offered in three lengths: 4 ft., 6 ft., and 10 ft. with style numbers, above. Installer cuts railings to other required lengths with hock saw. Railing specifications as follows: Pickets $\frac{3}{16}$ " x $\frac{5}{8}$ " flat twisted. Top and bottom channels $1\frac{1}{2}$ " x $\frac{1}{8}$ ". Height top to bottom of rail 2'-5". Finish, prime coat gray. Shipping wt. 10' length—30 lbs. Also furnished in aluminum. Write for prices.

POST SPECIFICATIONS: Made of 1" square heavy gauge steel

tubing. All posts drilled to receive bolts on any side, for securing to railing with clips. Post can be set into concrete or other material. Also see base plate illustration above for wood surface mounting. Finish: prime coat gray. Ship. wt. 4 lbs.

ANGLE CLIPS: Made of flat steel. Used to secure top and bottom channels to posts or building walls. Can be bent to proper angle for step installation. 2 R. H. S. bolts furnished with each clip. One size $\frac{3}{16}$ " x 1" and one size $\frac{3}{16}$ " x $1\frac{1}{2}$ ".

No. DP-16 Angle clip for securing railings to posts. Can be bent to proper angle for step installation. Ship. wt. 2 oz.

No. 40 Base Plate. For wood surface installation. Can also be used for concrete, brick or stone. Post fits in collar and is secured by bolt. Size: Diam. 4", Ht. 2 1/8", steel. Finish, prime coat gray. Ship. wt. 3/4 lb.

No. DP-18 Railing Support. For use as a support where desired under center of railing. Can be used in position shown or inverted. Mode of $\frac{3}{16}$ " x $\frac{1}{2}$ " bent flat. Finish, gray. Ship. wt., 1/4 lbs.

No. DP-5 Ornament. Order separately. Install on pickets with bolts. Ht. 6 3/4". Finish, prime coat gray. Ship. wt. 1 1/4 lbs.

No. DP-D Ornament. Order separately. Install on pickets with bolts. Ht. 10". Finish, prime coat gray. Ship. wt., 1 1/4 lbs.

Logan Co.

LOUISVILLE 6, KY.

BUILDERS IRON DIVISION

August 24, 1956

Wm. Ritchie Co., Inc.
119 Bishop St.
New Haven, Conn.

Gentlemen:

Enclosed find new catalog No. 80-A, on that profit-making Colonel Logan ornamental iron.

Remember - you save up to 1/3 in price on this iron work ... it comes in ready-made standard sizes with many beautiful designs to choose from ... easily fitted on the job ... no waiting for drawings to be made and other usual delays. Also fast shipment from stock.

Please note: This new catalog has been rearranged to place porch columns "in order" according to price, starting with the low-priced economy numbers and working up to the more deluxe cast iron designs.

Colonel Logan offers many sales helps, see back cover of catalog, plus national advertising and the Good Housekeeping seal.

NOW is ordering time for ever-popular ornamental iron ... see your building supply dealer today.

Sincerely
LOGAN CO.

C. W. Brown
Sales Manager
Builders Iron Division
